**Current noncredit Level 40 students** who score 80% or higher in the ESLN 40 promotion test are eligible to take level 50 classes, and they do not need to take the ESL Placement Test. If they score 90% or higher, they can take the ESL Placement Test if they want to take a higher level.

### **Taking classes for credit:**

Many students take the ESL classes for noncredit which are free. However, some students may want to explore taking ESL Classes for Credit. The credit option costs money, and there are other things to consider as well. **Please see a counselor** to discuss which option is right for you.

### **Student Educational Plans**

Another reason to see a counselor is to develop an educational plan to help you achieve your goals. Make an appointment to speak with a counselor to work on a student educational plan.

Email: [counseling@marin.edu](mailto:counseling@marin.edu)

### **Waitlists**

- Noncredit students, level 60-120SN, will be put on a waitlist and **MUST** attend the first day of class.
- If there is space before the first day of class, the teacher may accept waitlisted students into the class.
- If you are still on a waiting list on the first day of class, you **must attend the first class** and get an **add code** from the teacher to complete your enrollment.

### **Not open entry/open exit**

- Levels 50, 60, 70, 80 ESL credit or noncredit classes, 98SL/SN and 120SL/SN are **not** open entry/open exit.
- *This means that students must begin at the start of the semester and complete the entire semester.*

### **Grading**

- Noncredit students will receive an unofficial grade of *Pass or No Pass*.
- All the students, both credit and noncredit, are expected to attend classes, complete all assignments, and take tests.
